A Board member asked if the district would consider asking the teachers to stay 80 minutes after their required work time, instead of early release or late starts. It was stated that this would cost the district money because the teachers would need to be paid for the additional time. After discussion, the Board decided the district should survey the parents on their preference. A survey will also be sent to the staff, to get their input on working after their contract time.</p> <p>The Illinois Principals Association will recognize Meadowview School for their school-wide Woodland Project and their work with the Lake County Forest Preserve. Unfinished Business	<p>Update on the Frederick Bus project- The engineer provided 3 scenarios for the Frederick bus project. They also expressed that the district should do it right the first time. Ellen reached out to the Village to ask if they would help provide financial support for this project. The approximate cost of the project will be \$217,000.00. This project would alleviate the overflow of traffic from student drop-off and pick-up, onto Frederick Road and onto 83. The Grayslake Village agreed to pay half of the project. The black top will also provide a play area for students. A Board member asked if playground equipment such as basketball hoops could be installed. It was suggested that the school put out cones or a fence to deter anyone from driving on the blacktop when the students are present. The majority of the Board agreed to proceed with this project. This will be an action item on the next Board agenda.</p>
